**Comments on Sunshine Canyon Landfill Addendum to the Environmental Impact
Report and subsequent Environmental Impact Report,
Santa Susana Mountains, County of Los Angeles**

Dear Mr. Hartl:

The Santa Monica Mountains Conservancy has reviewed the Addendum to the Sunshine Canyon City/ County Landfill Final Environmental Impact Report and subsequent Environmental Impact Report dated October 2004. We urge the County to retain all existing mitigation measures for biological and visual impacts contained in the Mitigation Monitoring and Reporting Summary. In no case should any of those mitigation measures be weakened and we welcome any strengthening of those measures. The Conservancy also supports any mitigation measure requiring a tipping fee that would fund both on and off site open space protection and restoration. Please address any questions to Paul Edelman of our staff at the above address and by phone at (310) 589-3200 ext. 128.

Sincerely,

JEROME C. DANIEL
Chairperson
