#### Directions:

The community meeting room is located in the Community Center past the park entrance gates and Gwen Moor Lake on the south side of the road.

### The Park to Playa Vision

In 2000, the "Park to Playa" vision was first articulated: a seamless trail connecting urban residents with the natural coast. The trail will connect approximately 13 miles from the Baldwin Hills along Ballona Creek to the Ballona Wetlands and the beach bicycle path. The Ballona Creek portion of the trail is now implemented. The current study will define the location and design of the eastern portion of the trail, passing through several parks and jurisdictions in the Baldwin Hills area, starting at the Stocker Corridor to the east and connecting parts of the trail systems of Ruben Ingold Park, Norman O. Houston Park, Kenneth Hahn State Recreation Area, and Baldwin Hills Scenic Overlook to the west.

### Come Celebrate the Final Plan and Learn About the Next Steps!

During the first and second workshop we heard your ideas on where the trail should go within the parks, what connections to park facilities and community destinations should be made and what types of amenities make for a fun and enjoyable trail experience. Please join us at the final workshop to learn about the results from the Feasibility Study and Wayfinding Plan and the next steps for the Park to Playa Trail.
